

Air Conditioning Condensing Units For a Marine Machinery Space Environment

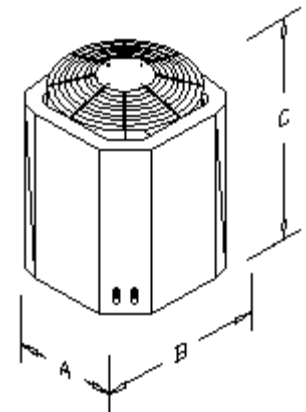

Model # MACU

FEATURES

- ☐ For installations in 115° F ambient temperature
- ☐ Totally enclosed condenser fan motor
- ☐ Steel cabinet with galvanized coating & baked on polyester powder coating
- ☐ External service valves with service ports
- ☐ NEMA 12 control enclosure
- ☐ Standard heavy duty controls
- ☐ Internal temperature and current sensitive compressor protection
- ☐ High / Low pressure controls
- ☐ Heresite[®] coated condenser coil
- ☐ Circuit breaker
- ☐ 208/230-1-60, 208/230-3-60, 460-3-60

SPECIFICATIONS

ASSY. NO:	MACU-3	MACU-4	MACU-5	MACU-7.5	MACU-10
CAPACITY	29,400	41,200	51,200	83,900	103,200
KW	4.2	6.31	7.5	9.2	11.5
REFRIGERANT	R-22	R-22	R-22	R-22	R-22
LIQ. LINE OD	1/2	1/2	1/2	5/8	5/8
SUCT. LINE OD	7/8	7/8	7/8	1-1/8	1-1/8
HEIGHT "C"	26	28	36	42	42
WIDTH "A"	30	30	30	40	40
DEPTH "B"	23	30	30	45	45
WEIGHT (LBS)	141	210	243	480	540
